Hi Matt,

Attached please find CES's response which contains the appendix with the revised figures. We are unauthorized to send you any figures marked CBI directly. However, I spoke with Rebecca Hollis CES (cc on this email) about the Water Boards request for a copy of the revised figures marked CBICBI-portion of the CES Mendota UIC Class VI Pre-construction permit application. CES agrees to provide the Water Boards a copy of the figures as long as SWB treats the information as confidential. Please work directly with Rebecca to get those figures from CES.

Hello Calvin,

In EPA's attached document they mention that CES provided an appendix file with revised figures. Would it be possible to provide that appendix with the revised figures and any figures marked CBI to the Water Boards?

Thank you,
